Invitation

ICMARI-2027

ICMARI is pleased to extend an exclusive invitation to distinguished academicians and professionals to participate in the 2nd International Conference on Multidisciplinary Applied Research and Innovation (ICMARI-2027), scheduled to take place in Jeddah from 2nd – 4th February 2027.

The conference aims to provide a dynamic platform for global participants to engage in meaningful, in-person exchange of ideas, research findings, and professional experiences. It seeks to foster interdisciplinary dialogue while enabling delegates from diverse institutions to establish academic and professional networks, develop research and business collaborations, and explore international partnerships that will support their future career development.

**“To secure your participation in this distinguished academic assembly,
we invite you to complete your registration and engage in this
intellectually enriching and transformative experience.**

Providing an exceptional platform for truly international scholarly dialogue, the conference is expected to bring together more than 1,500 participants at a vibrant intellectual forum. Attendees will present their innovative research through virtual, oral, and poster presentations.

We look forward to your active involvement and the opportunity to welcome you.

Regards,

ICMARI-2027 Organizing Committee

About SSGARI

Saudi Society for Global Applied Research and Innovation (SSGARI) is a Saudi association of research management professionals. Since its founding in 2004, its network has grown to include more than 3,500 members from universities, independent research institutions, and government, health, and research organizations across the Gulf region, including the Kingdom of Saudi Arabia, UAE, Qatar, Oman, Kuwait, and Bahrain.

SSGARI is engaged in advancing theoretical knowledge and applied research, as well as providing consultancy services and conducting scientific studies in the social sphere across both the public and private sectors. These activities are carried out in accordance with the regulations governing scientific societies within Saudi universities.

About ICMARI-2027

In an era defined by rapid technological advancement, evolving social dynamics, and deep global interconnectedness, the integration of multidisciplinary applied research and innovation has become essential. Understanding emerging trends is no longer optional but critical for translating knowledge into practical solutions. Such insight enables researchers, practitioners, and institutions to make informed decisions, address complex real-world challenges, and drive meaningful innovation that benefits society at large.

In a world that is changing at an unprecedented pace, the ability to anticipate and make well-informed decisions has become more essential than ever. Gaining meaningful insights that cut across disciplines is key to addressing the complex challenges of the future. Today, it is not enough to simply adapt, there is a growing need to excel. This shift has placed greater emphasis on understanding emerging trends, enabling organizations to explore innovative ideas, adopt new methodologies, and leverage advancing technologies. Such efforts play a vital role in driving progress across research, education, and industry partnerships.

With this forward-looking mindset, built on a strong awareness of evolving trends, we can move beyond merely observing change to actively shaping it. In this spirit, the Saudi Society for Global Applied Research and Innovation (SSGARI) is hosting the 2nd International Conference on Multidisciplinary Applied Research and Innovation (ICMARI-2027), under the theme **“Applied Research for Sustainable Development and Global Impact.”** The conference brings together the society’s resources to create a dynamic platform for intellectual exchange, collaboration, and the development of a progressive academic community. Participants are encouraged to gain valuable perspectives and identify key research gaps aligned with the conference themes

Call for Papers

ICMARI-2027 invites scholars, practitioners, and students to contribute to the intellectual discourse of the conference by submitting high-quality research papers in areas including Science and Technology, Medical Sciences, Accounting and Finance, Corporate Social Responsibility (CSR), Economics and Econometrics, Education, Information Technology, Islamic Finance and Sharia, Law, Management, Marketing, and other multidisciplinary fields. The conference provides an interactive platform to present research to a global audience of peers and experts, fostering academic exchange, collaboration, and innovation. Researchers are encouraged to submit their work and be part of a dynamic community dedicated to advancing scholarly excellence and shaping the future of research.

Conference Theme

The Saudi Society for Global Applied Research and Innovation (SSGARI) emphasizes the importance of emerging trends, advanced research, and innovative ideas in the progression of knowledge and the promotion of innovation. In this regard, the overarching theme of ICMARI-2027 is defined as follows:
